WORKOUTS LIGHT FOR YALE CREWS YESTERDAY
Gales Ferry. Conn. June 17—The Tale crews were out both morning and afternoon today despite the rainy weather. The workouts were light, however, the most strenuous effort being a short race between the varsity and second varsity, which the former won. Harry Payne Whitney's yacht While away anchored off the Eli camp late in the day and Coach Nichalls and several Yale alumni were dinner guests on board tonight.

NARRET PLUCTUATED.

New York June 17.—The stock market was left to its own devices almost broughout today's stagnant session. Frices were firm at the outset, irregular at midday and inclined to heaviness at the close. dealings for a full day since February of last year.

Fundamental conditions were unchanged, the money market presenting no new features, except for the negotiation of some moderately large time loans, industrial and commercial developments served to emphasize the prevailing state of transition. Cables from London suggested heavy liquidation for home account, but it was not made clear that American securities figured in the selling. Nevertheless, some of the stocks favored by London, Paris and Berlin before the war were inclined to lose ground here.

The weekly statement of the Bank of England showed another large gain in gold heldings and the local rate on Lon-

Is It Wise To Invest Now?

Expert opinions differ as to whether or not bond prices have reached their lowest level. On the other hand, it is generally agreed that good bonds are obtainable at bargain prices, and the best authorities expect a gradual but decided improvement in the prices of all strongly secured bond issues.
